Date. 17.11.15

To
The Secretaries
of all the Bar Associations of the State

Sir,

I would like to inform you that in view of the BCI Certificate and place of practice (Verification) Rules, 2015, the State Bar Council is under legal obligation to issue certificate of practice only after proper verification ensuring that any practicing advocate gets certified by the President/Secretary of the Bar Association concerned.

Similarly at the time of sanction of financial assistance to the indigent advocates it is also necessary to ensure that the application for financial assistance which is endorsed by the President/Secretary belongs to a bonafide member of the concerned Bar Association

To achieve the above mentioned objectives it is necessary to cross check the name of the applicant advocate either for issuance of Certificate of practice or financial assistance for medical treatment as the case may be with the list of the members submitted by the Bar Association.

All the Bar Associations are therefore hereby requested to furnish the detailed information regarding the names of their members with enrolment number, the name of the newly elected office bearers along with names of the Office bearers of the preceding tenure, names

etc
